

FDE AI Engineer

Build AI solutions that work in the real world — not just in a demo

LEARN A SKILL • BUILD PROOF • CREATE YOUR NEXT OPPORTUNITY

A premium track combining software engineering, Generative AI, agents, cloud, deployment, evaluation, security and customer problem-solving.

WHO CAN JOIN?

Developers, AI learners, ambitious freshers, career switchers, entrepreneurs and professionals who want AI plus real-world implementation skills.

WHY STUDENTS CHOOSE THIS PATH

- Beginner-friendly learning path — start with the fundamentals and progress step by step.
- Practical, project-focused training — learn by building instead of only watching lectures.
- Career-oriented skills — connect every topic to real applications and workplace use.
- Portfolio advantage — finish with projects you can discuss in interviews.
- A new direction is possible — your previous degree does not have to decide your entire career.
